## HOORAY FOR HOT SLUTS!

We like to think that some things are universally agreed upon. We all need food, clothing, and shelter. Oh, and water. And air. Oh, and probably some mode of horseless transportation. Sometimes walking gets a bit tiresome and who has the room for a horse these days? Of course, if you're gonna get anywhere fast, especially long distances, you may as well have air travel. Alright, so all of that stuff, plus TV and magazines, because when you're not walking around or driving or flying or working, you need to do something, which brings us to the main point of this list. It's during that free time that we all need something that is universally agreed upon, and that, my friends, is pussy! So, we are proud to give you one of your basic needs: fresh, hot, pussy! Have fun!

## GASH FOR CASH IS A SMASH!

**DEAR GALLERY:** I know a lot, if not most, men buy **GALLERY** and other adult mags for one reason—to get off on the girls, and I have no problem with that, as I do as well. But when I picked up your May **GALLERY** and read Marc Medoff's incredibly comprehensive guide on how to get your girlfriend/wife into the erotic entertainment business, I found something a lot more powerful: information. Information is power? Tell me about it! Over the years I have had a string of girlfriends and during tough economic periods have often wondered if there was something we could be doing in the sex biz to make some decent cash. But who knew how to do it? So I always gave up. Well, now, thanks to **GALLERY**, I know exactly what to do, and my current chick, Jenny, and I are going to take the plunge! Right now we are unsure as to what "route" we are going to travel—stripping, porn, hooking, there are pro's and con's to each. But in this terrible employment environment it looks like the perfect way to have fun and make money! We'll let you know how it all turns out! Thanks **GALLERY**!

## COCK AND ROLL?

**DEAR GALLERY:** This may sound strange, but after reading every page of your May 2010 edition of **GALLERY** not only am I writing to thank you on behalf of myself, but my penis as well. I mean, I guess I just don't know any other

way to put it. When I walk down the street and see a pretty girl walk by I can undress her with my mind, but hey, in **GALLERY**, you take the same girls, and you really do undress them! Damn! What wonderful women, and what an incredible variety? Tall, short, light, dark, blondes, brunettes—it's like you guys have some kind of hot chick-making machine in your offices and you just churn them out! Man, does your mag rock and roll! So, look, basically I don't know what else to say, and my cock sure doesn't know what to say, but thanks **GALLERY**, a million thanks!

Paul M.

## MODELS WITH BENEFITS?

**DEAR GALLERY:** I don't know what most dudes think after looking at one of your issues, but you know what I think about? I think about, just who is bang-

ing these girls? Right? Okay, I know these girls are just posing for pictures here, but whether in real life they are porn actresses, strippers or just horny girls-next-door, they are adults, and unless they are some kind of weirdo, they are all getting laid right? Someone, somewhere is fucking the girls in your May **GALLERY**! Maybe even right now, while I am writing this letter. The girls in your last issue are so hot, so pretty, words don't even do them justice. But even better, who is banging them? Do they have boyfriends, husbands, maybe even lesbian lovers? I would be very interested in knowing more about the inside secret personal sex lives of the girls who pose in **GALLERY**, and in fact, even hearing from the guys doing them? Know what I mean? How about a side-bar next to each lay-out where the last guy who screwed them talks about how he got into their panties, and how she was in bed? Hey, who knows? Maybe the photographer who took the pictures did the chick during the photo-shoot? Maybe the **GALLERY** editor who discovered the girl got her drunk and fucked her after the shoot? Who knows? I sure would like to, and I am sure other **GALLERY** readers would as well. C'mon **GALLERY**, let us in on it!

## COMIC GENIUS IN THE HOUSE

**DEAR GALLERY:** It's not easy to make me laugh, and I find most so-called "comedies" on television these days, and for many years, mediocre and boring; the lone exception, and a glaring one at that, to this cesspool of TV yawns is Ricky Gervais. From the moment I first came upon the original British-version

of his fantastic show "The Office," I knew I was watching one of the great comic minds of this decade and beyond. And reading your interview with Gervais in the May 2010 **GALLERY** only doubled my positive opinion of him and his work. To be honest, when Gervais decided to make the transition from British-based producing, directing, writing and acting, to its Hollywood counterpart here in the US, I feared the very worst. But the US-version of "The Office" is well done, as was his recent full-length movie "Invention of Lying." Apparently Gervais' talent is so deep, it can't be contaminated by the watered-down crap US-comics are used to putting out. Interestingly enough in your interview Gervais is honest enough himself to say the same thing! Expecting that it would be a "nightmare!" But I give Hollywood no credit for Gervais' success on this side of the pond. I say it is all due to Ricky Gervais and nothing else. Thanks for the great interview **GALLERY**!

#### A CARNAL GENIUS AS WELL?

**DEAR GALLERY:** If there is one thing that virtually any male out there knows, is that if he can get a woman to laugh, you know, literally entertain her with funny stuff, that is the one across-the-board almost sure-proof way of getting laid. Ask a guy who he likes most in a girl? He will most often says tits or ass. Ask a girl? She will most often say she is attracted to a man who can make her laugh. So reading your piece on Ricky Gervais in your May issue it occurred to me—I wished your interviewer had asked Rick about this. Does the fact that he is so funny, translate into him getting tons of girls? I am good at idiotic "knock-knock" jokes so I get a bit of pussy here and there from girls who are rather simple. But with Ricky being such a comic "God," is he able to get lines of giggling girls winding up and down outside his house day and night if he wants? Just a

thought if you happen to do any follow-ups with him—ask him straight up, how average horny men like me can use better humor to get better pussy.

Stanley L.

#### DRIVE-IN IS STILL A-LIVE-IN

**DEAR GALLERY:** Now that was a great, great read on the best "Drive-In" theatres by J. Rentilly in your May 2010 **GALLERY**. It brought me back

**Jessie**

to so many wonderful memories of that time, when they were all over the place, and now there are so few anywhere, anymore. Man, we used to do everything in those drive-in's—everything! Eat, sleep, fight, have sex, you name it, between the big cars, and big fields, and big screens and darkness of the night, you could figure out how to do it all without being caught! Was it fun! While it's so much more convenient these days to watch all our movies in the comfort of our homes, it means that an entire community experience is lost. The experience of getting into a car with others, going to a place with others, and sharing all kinds of experiences with others is unique in our cultural history in North America. In fact one of the places listed by your author I actually visited during a cross-country trip I took recently, "The Amusement Park Drive-In" in Billings, Montana. I went with two friends and we had a blast. I don't even remember the movie we saw, because that wasn't even the point. It was the friendship, the laughs, the good time had by all, that rings most important. I would urge anyone who has never shared a trip to a drive-in do so now, before it's too late!

# Teagan

Cool, confident Teagan is one smouldering specimen of foxy fine she-ness. Every last taut line and sultry curve of her toned and flawless body screams out sex, and if there's no one around to have it with her, no worries; she'll simply shrug, strip down and do herself. She keeps a dickens of a dong on hand at all times for exactly these sort of instances so all she needs to do next is to find a seat upon which to sit and stick herself, set the switch on her toy to "hi" and ta-da! She's off and humming. And as anyone with two working eyes can see, never has solo lovin' looked so good. With her super sexy looks, her glassy gadget and her glorious hole gone sticky with girl goo, Teagan's got it all goin' on. ☺

She bucks and fucks as well as any boy would, hitting Crystal's spot so often it causes her to she cry out "Gee!" With each thrust forward into Crystal's tight slit, Bryanna's nub gets nudged by the base of the boom stick. # MENSA CELEBRITIES

If tabloid reports are to be believed, celebrities are more often airheads than eggheads, more likely to pirouette through a surreal world of glitz, glamour, excess, and related faux pas than to crack a book and get some learning. But a handful of celebrities resoundingly snap that stereotype, boasting IQ scores in the top two-percent in the world, earning them membership in Mensa International, an elite club for the super-smart. Who says size doesn't matter? The American branch of Mensa — which is Latin for "mind, table, month," suggesting a monthly meeting of minds around a table — is a social organization, launched in 1960, aimed at fostering human intelligence for the benefit of humanity through monthly meetings, group dinners, fundraising, and other social events. American Mensa's 56,006 members "come from all walks of life and all levels of society — rocket scientists, teachers, plumbers, and celebrities," according to Lauren Fernandez, Marketing Assistant at Mensa. "However, they share one trait — high intelligence." Though Mensa holds its members' scores "in the strictest confidence," according to Fernandez, *Gallery* decided to peruse the intelligence quotient of several famous Mensa members, based on career moves — brilliant and, uh, not so brilliant — that they've made.

## Geena Davis

**The Scoop:** This 54-year old beauty, a graduate of Boston University and Victoria's Secret catalogue model, made her acting debut in 1982's *Tootsie*, and most recently appeared as the President of the United States on ABC's *Commander in Chief*.

**Evidence of Brilliance:** The leggy, raven-haired beauty had us at hello, moving from *Tootsie* to *The Accidental Tourist* and *Thelma & Louise*. She won an Oscar for *Tourist*,

and was nominated for a second in *Thelma*.

**Temporary Brain Lapse:** Cutthroat Island, a lady-pirate adventure which attempted to recast comedienne Davis as an action hero, cost 100-million to produce, but was critically savaged and grossed only 10-million dollars. *Island* was directed by her (then)husband Renny Harlin, whose films — ranging from *Cliffhanger* to *Cleaner* — are decidedly not for Mensa members.

## Scott Adams

**The Scoop:** The 53-year old creator of the enormously popular Dilbert comic strip — boasting a daily

run in 2000 newspapers in 65 countries in 25 languages — is a graduate of Hartwick College and University of California, Berkeley. Though Adams suffers a long list of debilitating health issues (including dyslexia, focal dystonia, and spasmodic dysphonia), he nevertheless has forged a hugely successful career as a cartoonist, business consultant, and vegetarian food entrepreneur.

**Evidence of Brilliance:** Long before *Office Space* or *The Office*, Adams' Dilbert comic strip — which has been adapted into a series of books, a television series, computer game, as well as hundreds of pieces of ancillary merchandise — satirized the white-collar workplace.

**Temporary Brain Lapse:** Hard to find a misstep in Adams' formidable and diverse career, though starring opposite troubled-ham Andy Dick (as Adams did in a third-season episode of TV show *Newsradio*) is never a smart career move.

## Jean Auel

**The Scoop:** The 74-year old author has sold 34 million copies of her six *Earth's Children* novels, which examine the relationships between Cro-Magnons and Neanderthals. *Clan of the Cave Bear*, turned into a film starring Daryl Hannah, is the most popular novel by Auel, who earned a BA and MBA from University of Portland.

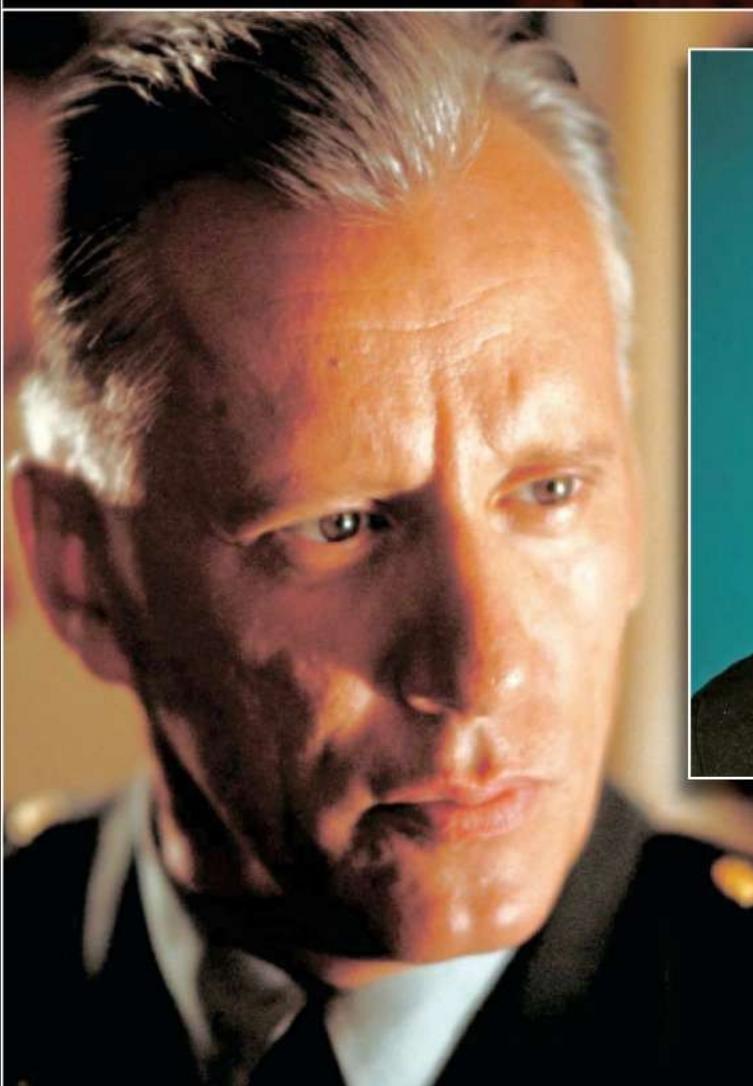

**Evidence of Brilliance:** To secure anthropological and ethno-botanical accuracy and authority in her novels, Auel has traveled the world many times over, allowing her to write with great detail, feeling, and precision about ancient man in long-lost worlds.

**Temporary Brain Lapse:** It's been eight years since Auel's last novel, *The Shelters of Stone*. Brain lapse, writer's block, or another world tour for the purpose of research? Fans want to know!

## Nelson DeMille

**The Scoop:** This 67-year old Vietnam veteran and

Hofstra grad has published more than a dozen best-selling novels, including *Plum Island*, *Night Fall*, and *Word of Honor*.

**Evidence of Brilliance:** DeMille's stroke of genius was penning *The Gold Coast*, a sexy, thrilling update of *The Great Gatsby*, which is often taught concurrent with the Fitzgerald classic at American universities. This fall, DeMille publishes a long-awaited sequel, *The Gate House*.

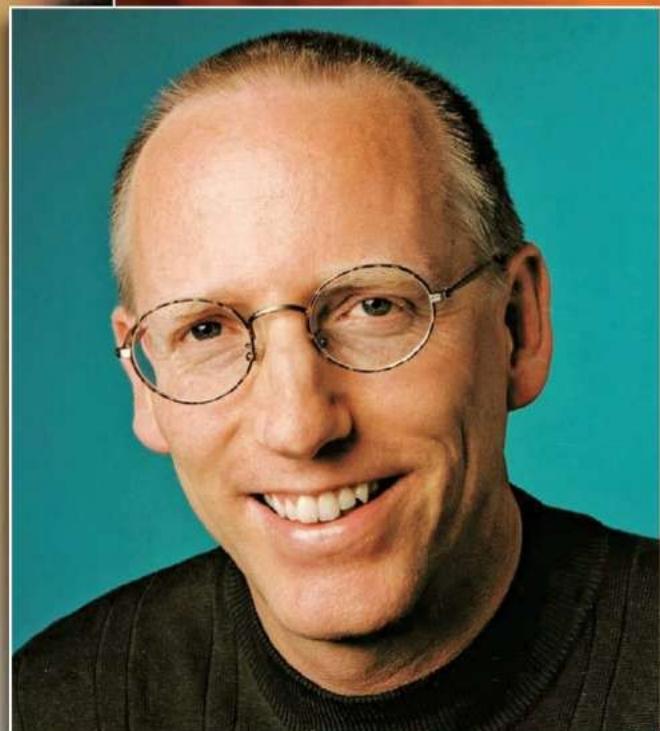

**Temporary Brain Lapse:** Working with Hollywood has, perhaps predictably, been a long series of ups and downs for DeMille. Tinseltown gutted DeMille's *The General's Daughter*, which starred John Travolta, and has failed to honor their commitment to film *Gold Coast* with Al Pacino.

## Alan Rachins

**The Scoop:** This 68-year old graduate of University of Pennsylvania and American Film Institute is an Emmy and Golden Globe-winning TV actor, as well as the writer behind beloved episodes of *Knight Rider*, *Hill Street Blues*, and *The Fall Guy*. He currently voices the character of Norman Osborn on TV's animated *The Spectacular Spider-Man*.

**Evidence of Brilliance:** Rachins offered memorable turns on two critically-esteemed, now-syndicated TV series, *LA Law* and *Dharma & Greg*, ensuring constant recognition, not to mention royalty checks.

**Temporary Brain Lapse:** Then again, maybe Rachins is being recognized for his role in the howlingly awful, softcore romp, *Showgirls*, or – gulp! – for his performance in off-Broadway's fully nude musical, *Oh, Calcutta!*

## James Woods

**The Scoop:** One of Hollywood's most intense, versatile character actors, the 63-year old Woods, who most recently appeared on TV's *Shark*, scored 800 on his verbal SATS and 779 on the math section. He was awarded a full scholarship to MIT, where he pursued a degree in political science before dropping out to become an actor.

**Evidence of Brilliance:** Woods is ubiquitous and indelible no matter what he plays, but is especially excellent in Oliver Stone's *Salvador*, for which he was Oscar-nominated, *The Onion Field*, and Disney's *Hercules*, which is Woods' biggest box office hit.

**Temporary Brain Lapse:** Perhaps hungry for a paycheck, Woods inexplicably played an inept exorcist in the bargain-basement spoof *Scary Movie 2*, and then a hammy mob crook in Sylvester Stallone's painfully awful *The Specialist*.

## Joyce Carol Oates

**The Scoop:** This 72-year old author, an American treasure, has taught creative writing at Princeton since 1978, after beginning her education in the same one-room, Lockport, New York school room her mother and grandmother attended. Oates, renowned as The Dark Lady of American Letters, is a graduate of Syracuse University, with an MA from University of Wisconsin-Madison.

**Evidence of Brilliance:** Oates published her first novel, *With Shuddering Fall*, when she was 26, then won the National Book Award for them in 1970. For an encore, she has won three – count 'em! — Pulitzer Prizes. Oates works effortlessly as a poet, playwright, novelist, and college professor, earning uniformly positive, if not rapturous reviews, and solid sales.

**Temporary Brain Lapse:** Uh, it's hard to find a writer more prolific, critically-esteemed, decorated, and cherished than Oates. She seems constitutionally incapable of writing badly or irrelevantly. Even her book *On Boxing* was a, er, hit. **G**

Junior college cutie Bree's got plenty of school spirit, but she's ready to graduate to more interesting extracurricular activities. Instead of reading, writing and arithmetic nineteen year old Bree says she's into: "Sucking, fucking and swallowing as much cum as possible!"

Photos by her friend Simon

# Marie

# GIRL NEXT DOOR *of the* MONTH

This self-described "raunchy little slut" flashed her way into our hearts! With every little unzip and tug of her clothing, this 19-year-old cum craving cock guzzler showed us everything we needed to see: her tits, ass, and puss, of course! But it wasn't just the fact that she was so willing to shed her clothes that made her so exciting, it was her sexually charged personality that really pushed her over the edge. Promising to fuck everyone in her sight, or at least suck them off, made her our number one babe for this month! Thank heaven for little sluts! G

**Q&A: KRISTEN BELL**

# KRISTEN BELL: THE HOTTEST GEEK EVER!

by Spalding White

**A**s a young actress, the woman recently deemed one of the Top 11 We Would Like To See Naked threatened to change her name to Smurfette. A rose by any other name, as Shakespeare wrote. We'd still want to see Kristen Bell naked. Sure, her debut role was as a banana in a stage production of the Raggedy Ann & Andy story, but have you checked out this girl's resume? She's making film after TV show after video game just for you and me — fanboy stuff starring a white-hot beauty! Bell's breakout role was as Veronica Mars, in the series of the same name, where she played a teenager with a second sight that allowed her to solve paranormal, on-campus mysteries. And the fanboys rejoiced. After that, Bell did a multi-episode arc on NBC's *Heroes*, played a fetching dork in *Fanboys*, and voiced a major character in the extraordinary *Assassin's Creed* videogame and its sequel. She's also dishing up goofy charm and quirky likability in romantic comedies like *Forgetting Sarah Marshall*, *Couples Retreat*, and the recent hit, *When In Rome*. Bell agreed to toll for Rome despite her aversion to most romantic comedies. "They're usually just slick and stupid and kind of insulting to anyone with a brain, but this one was a little different," she says. "It had a brain, but it also had a lot of testosterone, which is important in a romantic comedy. It can't really be romantic if it's only for girls." Good grief, Kristen Bell was born for geek love. The line forms here, **GALLERY** readers.

What drew you to *When In Rome*? In the past, you've said you don't really care for romantic comedies.

*When In Rome* is a romantic comedy with a lot of testosterone. There are five suitors in the film, all played by these amazing comics and comic actors, and I get to play the lucky object of their affection. We shot it all over New York and Rome, which was lovely. I played this girl who gets stalked by five guys all over New York and Rome. It's exactly like my real life. It's identical. We really didn't even have a script. Mostly, it was me just walking around with some cameras following me around. I'm kidding.

You were a child of the musical theater, as it turns out. That's pretty dorky of you.

My mother heard me humming around the house when I was a child, just humming and singing along to everything in the world. Since I was too small to play sports and was also not very coordinated, she put me in singing lessons and I started competing in solo and ensemble competitions when I was about 13. To this day, music is very, very important to me. Music got me to musical theater got me to acting which got me to this career. Yeah, pretty dorky. That's me.

I understand Stephen Sondheim, the maestro behind *Sweeney Todd*, *Company*, and *Assassins*, is one of your very favorites.

He really does it for me. I've done *A Little Night Music* twice now, once at the Kennedy Center and once at the LA Opera House. Many years ago, I was given the song "Green Finch and Linnet Bird" from *Sweeney Todd*, a song to practice with, from my vocal coach. When I heard it, it was one of the first times I cared not only about the notes in a song, but the character in a song. His music is so unexpected. His chords are so often dissonant. The harmonies are surprising to the ear. It's complex. It's very, very layered. His music is more like a dance than it is like other music. Lyrically, his perspectives — especially when he's writing women — are almost completely unique. He doesn't write the typical, "woe is me, I'm in love."

What's this I've heard about you delivering babies in South America?

(Laughs) I went to Brazil when I was 19 and I came back a completely different person. I was on a volunteer mission and worked at an orphanage in Bel Horizonte for about a month and a half. I was basically exposed to a lifestyle that was polar opposite to the one I grew up with — kids with no

# Mila & Timo

Mila's the type who's up for anything sex-wise, which is one of the reasons why she's such a great catch for her super pervy pal Tim. Tim likes to try stuff—all sorts of strange, sleazy stuff—that might make a less game girl go running for the door. But our little Mila not only holds her ground, she lies right down upon it, hikes her skirt up and spreads her legs wide, allowing Tim to do whatever he wants. Especially after Tim tucks his tool into her tush. Every time he stuffs her ass with his meat, Mila doesn't know whether she's going to want him to blast his junk into her trunk or keep on fucking and spew in her mouth. Suddenly she was overwhelmed by sensations most orgasmic and

Tim watched her face closely as she came. Then he pulled out and popped all over her pretty smile, loading up her mouth with love paste, ending the mystery for this encounter. G

The lovely Nessa takes great pains to pamper herself properly in order to be certain that she's always at her very best. In the shower she suds up with the creamiest of soaps to ensure her skin stays smooth and soft. She shaves her pussy bald with the utmost care so that any tongue tracing circles round her clit can do so without encountering a single stray hair. She rubs in rich lotion over the entire length of her long lean legs to make certain that they'll feel extra nice wrapped around the wait of whomever she chooses. She plays lightly with her nipples, tickling them with her fingertips and training them to respond to the slightest touch. Then she warms up her whisker box with a magic silver wand, just to get her juices flowing. By this time Nessa's right about ready to have her brains balled out. Any takers? G

# Behind The Scenes Of The Le Festival International De L'Erotisme! Brussels Sex Bash Bonanza Rocks Europe Despite \$\$\$ Crisis!

**W**hile the world economic crisis continues to keep porn-loving punters around the world from indulging in all their usual forms of XXX entertainment, there is evidence that when push-cums-to-shove, and a sex-gig comes along that is too good to pass up—cash for gash is somehow found. And so it was at the annual "Le Festival International De L'Erotisme" in Brussels, Belgium, where tens of thousands turned out for a multi-day Euro-sex fest that for a few days at least, had attendees forgetting about their economic woes.

*Text And Photos By Marc Medoff/Adult Press Service*

The yearly X-blast, considered one of the most prestigious and well-attended in all of Europe, featured more than 100 adult-oriented exhibitors spread through the exhibition hall, and by the looks of the surging crowds, cash-money was being spent by the enthusiastic attendees. From multi-colored dildos, to swing club memberships, from hardcore porn mags to sex DVDs from around the world, sales were brisk. But the vendor-oriented concourse—which all featured the likes of booths of various Euro porn producers such as Marc Dorcel and others—was merely a “warm-up” for the true attraction, the girls.

And girls, girls, girls there were. From rising mega-porn stars like Belgian-born Carla Nova, to slews of amateur strippers from all over Europe, dozens of scantily clad and naked babes rocked the event from start to finish. The sexsters chatted with fans and droolers and signed autographs for them at the numerous promo booths, but then really turned up the heat via the ongoing performances through the days and evenings.

The two strip-stage set-up featured the likes of former French porner Estelle Desanges who wowed the crowd with her slutty strip-shows, along with other more local up-and-cummer strippers who made up for their lack of name recognition putting on acts that were downright obscene. With members of the audience regularly pulled up upon stage to “participate,” the traditionally laid-back Belgian populace was quickly transformed into a howling mob of sex maniacs, as each girl was lustfully cheered on to more and more X-rated actions. Blondes, brunettes, redheads, big tits, small tits, large bodies, small bodies, the dancers kept coming on, and the screaming fans loved them all.

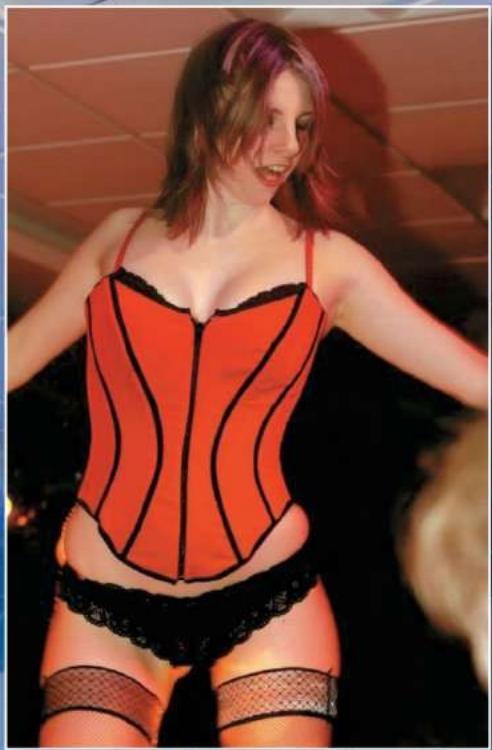

"We may not have much money now, but at least with what we have, we can have some fun!" opined a middle-aged Belgian customer who stood packed shoulder-to-shoulder with thousands of others watching the strips, "It takes our minds off our troubles!"

But while getting naked and dancing around was the "main course" that kept most payees pleased with their choice of weekend activities in this nation's capital, for those with more specialized appetites, any number of fetish-style mini-shows were being run at the same time. At one far booth ongoing demonstrations of pussy-shavings were being held, as pro's as well as the females in attendance could have their pubes trimmed while a crowd watched. From total shaves to full "baldness," to numerous more "arty" shaves the genital barbers on-hand did their best to satisfy the vagina's presented to them. Meanwhile at the other end of the hall "roping up" demonstrations were held, displaying the various techniques one can employ to tie-up a friend or loved-one in the midst of an S&M or B&D sex act. "I think my husband would love to do that to me," mused a female onlooker to all the tying and trussing, "If for no other reason than it would keep me from going out shopping and spending his money!"

All-in-all the "Le Festival International De L'Erotisme" seemed to once again clearly prove that old adage that even in the worst of economic times, sex still sells, no matter where on the map the attraction is, so long as pussy is involved, the money to pay for it will be found. ©

# Nora, Jessi

**S**lutty school chums Nora and Jessi have bad reputations. Their classmates constantly gossip about their wild sexcapades and there was once even a rumor floating around that involved them, the principal and a knapsack full of dildos. As a result of all this chatter, every guy on campus has taken a turn at trying to make it with the blonde bimbs, with most having more than moderate success. Martin's a new kid who just transferred in from a different district, but he'd already heard plenty about Nora and Jessi's easy going attitude about being easy and couldn't wait to take a crack at 'em. At the end of his first day Martin suggested that the infamous duo come home with him for a cram session and the girls eagerly agreed. The babes quickly schooled him in the fine art of frisky three-way fucking while Martin plugged away studiously before pasting them both with a sticky pop quiz. The lesson they all learned was nothing feels quite as good as being bad.

All Parties depicted herein are 18+ years of age.

When Trinity first began sneaking around with her friend's older brother Tomy she was pretty sexually inexperienced, with only a half a dozen trips to third base and one frenzied homerun to brag about. Tomy, undeterred by her innocence, patiently set about showing her the rutting ropes. They did things together she'd never even imagined and soon she had a long list of places she lived to have licked. The tickle of Tomy's tongue on her pretty pink starfish was especially thrilling to Trinity, and it was the quickest way for him to get her gloriously wet. She also discovered how much she loved having her mouth full of cock and, to Tomy's immense pleasure, spent many lip-smacking hours perfecting her sucking skills. He taught her that there are plenty of positions other than mish to smush in, and she discovered the delight of swallowing every drop of his dong water. It was a totally awesome arrangement for them both! ☺

# Tiffany & Carl

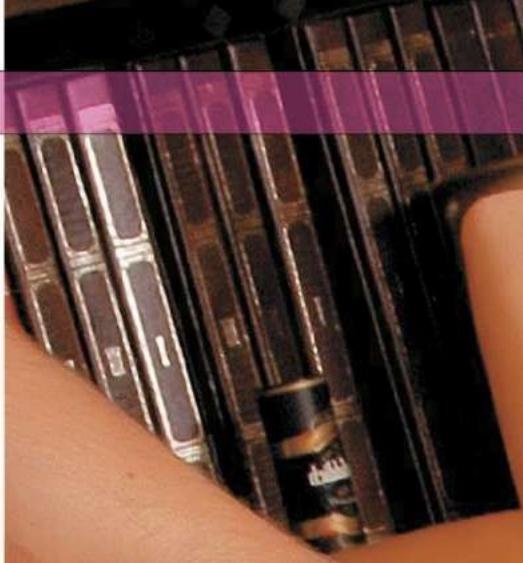

**T**iffany is an uptown girl who spends most of her time mounting her rugged downtown man Carl. They met when Tiffany wandered past a construction site overburdened with an armload of packages. Carl rushed over and offered to assist her and she, finding herself quite flattered by his kindness, allowed him to escort her all the way home. She invited him in for a thank-you drink and shortly afterwards she found herself gulping down his protein smoothie. Now they hook up daily so that hoity toity Tiff can get a good old working class-style working over. She's becum hooked on the way Carl handles her—the feel of his rough hands pawing at her creamy breasts while he pounds her solidly from behind, the way his thick cock fits inside her pedigreed pussy and the masculine taste of his man juice. This socialite learned that blue blood + blue collar = some red hot fucking! ☺

homes, who are basically running down the streets away from the cops, who had no education, no drive, no hope. Struggling to round them up was a task in and of itself for these missionaries and volunteers. Some of the kids just didn't want help, and that was really powerful. How do you cry a tear for someone who doesn't want what they need?

**So when did you deliver the babies?**

After several weeks in Bel Horizonte, I moved up to a hospital in a different area of Brazil, assisting on minor surgeries, acting as a triage nurse. Two of the days that I was working in the hospital, women showed up and said, "I'm ready to pop. Let's do this!" So I helped some babies be born. (Laughs) It made me very grateful for the medical care we receive as

Americans. This hospital was absolutely barren. They didn't even have enough rubber gloves, and they disposed of their "sharps" in a two-liter soda bottle. Not everyone had masks in the delivery room. There just wasn't enough to go around. It was very eye-opening.

**When you were a teenager, your best friend was killed in a car accident. That**

**must have been an eye-opening experience for you.**

It completely rocked me. I had a fairly easy childhood. Sure, my parents were divorced when I was little and they remarried and had more kids, but really I just ended up with lots more people who love me in that situation. But to feel your mortality at 16 is very scary, which is what happened to me when my best friend died in a car accident. But I came to see that without yin there is no yang. When you feel a loss that deeply, the next time you open your eyes, you see a different world.

**You enjoyed three very successful seasons on the TV series *Veronica Mars*. People still love you and that show, despite its being off the air for three years.**

That opportunity, which turned into the best experience of my life, is a blessing if you can feel how lucky you are to have the job. Yeah, the hours are long, but ultimately you're doing something creative and something you love to do. No one's forced into the acting world. No one's parents say, "You have to be an actor!" This is a career people choose because they love it. I am fully aware of this career's mortality, that it could all be taken away at any moment. So I'm grateful for every single little thing. *Veronica Mars*, those people, have become my core group of friends in Los Angeles. I'm proud of the work we did on that show. It was a great show, and I'm glad that people liked it.

**In the meanwhile, between *Veronica Mars* and *Heroes* and the videogame work, you've become a fanboy favorite. We're all arm-wrestling over who gets to propose marriage to you.**

(Laughs) The funny thing is: I was never out to become a genre actress or to pick super-cool fanboy projects. I was just looking for good writing and interesting characters. But the people who write these kinds of movies and TV shows and who love this stuff are some of the most fascinating, passionate people we have. If you can keep up with the plotline of *Star Trek* for 10 years and then hop onto the "new generation", then you're no joke. If you take the time to learn to speak Klingon, you're in a school all your own. You obviously have a lot of brain power that the rest of us don't have. I'm very grateful that I've been allowed into that world and embraced by fans like that. Like you. It has separated me, in a lot of ways, from a lot of the girls I might otherwise get lumped in with. I will forever worship the fanboys for allowing me to feel special in that way. ☺

# Nicola

## HAMBURG, GERMANY

Large-knocked Nicola woke up this morning from a wild wet dream feeling a wee bit naughty. So instead of dressing demurely and heading into work as is customarily her habit, she decided that she'd do something devilishly deviant. She picked up the phone and called out sick before slipping into something wickedly comfortable—her favorite "fuck me" finery that she keeps tucked away in the back of her lingerie drawer for special occasions only. Having been single for a bit, Nicola hadn't worn her whore suit in a while but was pleased to find it still fits like a glove and made her feel super fucking sexy. Next she dug out a 'lil contraption she uses whenever she wanted some extra help jillin' off. She stuck it in, flipped the switch on and then she was off and humming, getting fully fingerbanged by her tricky toy as her bazooms bounced up and down. Not a bad way to spend the day. ☺

In search of the perfect gift that keeps on giving? Then try out Terri! She makes one heck of a pretty present and is happy to unwrap herself or wait to have her delicate clothes peeled off by the recipient. This gal's a goodie that no man in his right mind could possibly refuse, and she's sure to be pleasing for years to cum. She's all set to be kissed, caressed, fondled and tasted—in fact Terri has a whopper of a sex drive. She'll screw you until you're too tired to think and when you think you're done, she'll totally take charge. She sucks, swallows and is sure to blow your mind. The only potential problem is the very real possibility of not being able to bring yourself to give her away to anyone else at all. Well if that's the case, then keep her! ☺
